

Harry Ngo

has successfully completed **5 hours** of professional development and **24 hours** of volunteering in the **UNSW Skill Development Program**.

The UNSW Skill Development Program provides casual volunteering opportunities for students to explore and develop co-curricular skills outside of their academic learning.

Below is a record of all activities completed.

Orientation Week – 2019

Engaged with new students to support their transition to UNSW by communicating various development opportunities and services. Also assisted staff with set up and pack down of stall.

Welcome Back Term – 2

Assisted UNSW staff in the Activation Space promoting programs and services available to students in a friendly outdoor environment.

UNSW Green Impact Auditor

Reviewed sustainability performance of UNSW Staff teams by conducting on site audit, interviews and reported back to the Sustainability Team.

User Testing Session for UNSW Website Navigation

Involved in preliminary testing and feedback for website.

Workshop Assistance for Leadership Development Focus Group

Assisted staff in running an interactive workshop for students to provide feedback towards the development of a leadership program.
